

8927

Ops Summary

SAG21

V. 079

S. 01

There is an intelligence communications network operating at this geographical location.

Additionally, there is a preoccupation with troops (readiness?) ^{and} war zoning.

There is (evidence of) Soviet industry and technology (established and supported) on a supply and demand basis.

There are isolated concepts

of ~~upward~~ upward movement; also of boxes and squares associated

with progress and ^{the} a movement of
"up and out."

Personnel present at the site are
military and military-related.

A war memorial ~~is~~ is located in
the geographical area of special
interest.
